GENERAL PATIENT / PHYSICIAN AGREEMENT

Please read the following paragraphs, initial below each paragraph that you have read, understand, and agree to the same.

CONFIDENTIALITY:

In an effort to provide the most efficient and effective healthcare, your treating physician will diagnose your illness according to your complaints, symptoms, test results, and medical history. In order to treat the patient appropriately, the patient understands and authorizes treating physician and/or facility to obtain any and all medical records relating to the patient and to communicate with previous physicians by any method, and/or any physician that can assist with the care of the patient, as long as confidentiality is kept at the physician level. I have read, understand, and agree with the above.

FAILURE TO FOLLOW PHYSICIAN ORDERS:

“Physician Orders” are meant to improve and/or resolve the patient’s medical condition and/or symptoms. The patient is expected to follow orders given. In the event the patient does not follow orders given, the patient may be discharged from the treating physician care and/or facility, thus releasing treating physician and/or facility from any injury or illness claim resulting from the patient’s failure to follow orders. Not following orders given can include but is not limited to missing, postponing or refusal of additional tests to rule out, confirm or discover illness. I have read, understand, and agree with the above.

ARBITRATION AGREEMENT BETWEEN DOCTOR AND PATIENT

(Page 1 of 2)

Please read carefully.

This agreement is made between Surgical Associates of West Florida - SAWF and their physicians extenders, agents, employees, or any of the foregoing referred to hereinafter as “doctors” and _____ hereinafter referred to as “patient”.

It is the intention of the parties to this agreement to bind not only themselves, but also their heirs, personal representatives, guardians, or any other legal claimant.

Disputes and Consideration: In the unfortunate event of any claim for medical malpractice or otherwise, and in consideration for this agreement, the parties would like to (a) keep things as simple as possible; (b) enhance early resolution of their differences; (c) avoid lengthy drawn out litigation through the courts; (d) avoid the stress associated with traditional litigation and jury trials; and (e) minimize all costs, expenses and attorney’s fees. Therefore, the parties voluntarily agree to the following pursuant to their constitutional right to contract:

It is understood by the patient that he or she has voluntarily selected and he or she is neither required to use SAWF, nor any of the doctors involved in their treatment and that there are other competent physicians in Florida who may act as the patient’s treating physician.

It is further understood that in the event of any controversy or dispute which might arise between the doctor and the patient, regardless of whether the dispute concerns the medical care rendered, or payment of surgical or other fees, or any other matter whatsoever related to personal injury, then the parties agree that the dispute shall be resolved by arbitration as provided by the Florida Arbitration Code, Chapter 682, Florida Statutes.

I understand that by signing this agreement I am waving my right to a jury trial, and instead, have agreed to participate in arbitration.

This arbitration shall be binding and shall be in lieu of, and instead of, any trial by judge or jury. Each party shall choose one arbitrator and these two individual selected arbitrators shall choose a third arbitrator. Each party shall be entitled to the discovery provided for under the Florida Rules of Civil Procedure and agree to be governed by the Florida Evidence Code and Chapters, 766 & 768, Florida Statutes, in any matter subject to this arbitration agreement. The panel of three (3) arbitrators shall hear and decide the controversy, and the decision shall be binding on all parties, and may be enforced by a court of competent jurisdiction.

Prior to commencing any action under this Doctor-Patient Agreement, Patient must comply with the presuit notice and investigation requirements of Chapter 766, Florida Statutes.

Limitation of Damages: Patient agrees that in the event of any dispute with the Doctor, for any reason whatsoever, including any negligence claim relating to the diagnosis, treatment, or care of the Patient or any other personal injury claim, Patient’s non-economic damages (including, but not limited to, damages for pain and suffering) shall be limited to a maximum of \$250,000 per incident and shall be calculated on a percentage basis with respect to capacity to enjoy life, pursuant to the formula contained in Florida Statutes, Section 766.207. For example, if the Patient’s injuries resulted in a 50% reduction in his or her capacity to enjoy life, this would warrant an award of not more than \$125, 000 in non-economic damages. This limit applies regardless of the number of claimants or defendants in the arbitration proceeding. This limitation of damages provision does not limit or restrict in any way the Patient’s right to seek all economic damages actually incurred by the Patient, including any medical expenses and lost wages.

ARBITRATION AGREEMENT BETWEEN DOCTOR AND PATIENT

(Page 2 of 2)

Please read carefully.

Duty to Defend and Indemnify: For each individual or entity with a claim that is not bound by this agreement (“non-party”), it is the parties’ intent that they shall adopt and comply with this agreement 100% so that the parties can avoid piecemeal litigation and ensure consistency, closure, and finality in one forum. For each non-party claim against the patient’s physician brought outside this agreement, you shall (a) defend and (b) indemnify the patient’s physician against said claim(s) up to the amount the chief arbitrator deems reasonable under the circumstances.

Severability Clause: If any provision of this Agreement shall be held invalid under any applicable laws, such invalidity shall not affect any other provision of this Agreement that can be given effect without the invalid provision. Further, all terms and conditions of this agreement shall be deemed enforceable to the fullest extent permissible under applicable law, and, when necessary, the court is requested to reform any and all terms or conditions to give them such effect.

By signing below, the patient confirms that:

- The Patient has had an opportunity to read this Doctor-Patient Agreement, or to have it read to him or her if necessary.
- The Patient indicates that they understand English or has had the Doctor-Patient Agreement translated for him or her by _____.
- The Patient has had an opportunity to ask questions about this Doctor-Patient Agreement.
- The Patient understands this Doctor-Patient Agreement and has no unanswered questions.
- The Patient has not been coerced or compelled to sign this Doctor-Patient Agreement, and does so if his or her own free will.
- The Patient is also aware that they may consult with an attorney before signing this Doctor-Patient Agreement.

This agreement shall remain in effect for all treatment and surgery provided to the patient, presently and at any future date.

BY SIGNING THIS DOCTOR-PATIENT AGREEMENT, I ACKNOWLEDGE THAT I HAVE CAREFULLY READ, UNDERSTAND AND AGREE TO THE ABOVE TERMS AND CONDITIONS.

Surgical Assistants

What is a surgical assistant?

In almost every surgery there is a need for an assistant. Most of the surgeries performed by our physicians are complex in nature and require more than one pair of hands. Your physician will choose an appropriate assistant for your surgery.

Will my insurance cover the surgical assistant charges?

All surgery charges will be billed to your insurance carrier. Sometimes the assistant may not be contracted with your insurance company and therefore, you may have additional costs. Please understand that should your insurance deny payment on a surgical assist, you will be held responsible for the unpaid balance.
